

Tom Petty And The Heartbreakers, We Stand A C

(Tom Petty)

Stand back from me honey
Because I don't know what I might do next
No I'm surprised by this, frightened by this
Nothin' ever got me so out of my head, baby

(Chorus)
We stand a chance
We stand a chance
Yeah, and I could be wrong, but you never know
We could stand the chance of a real love

Oh, God knows I love you
God knows I do
Baby will you let me just prove it to you
Come here to me baby, come here to me now
I wanna talk to you, talk to you
And tell you somehow, that

(Chorus)

I'm so moved, I'm so changed
My whole world is a fountain of flame

(Chorus)
