

Tom Petty, Fooled Again (I Don't Like It)

(Tom Petty)

Strange voice on the telephone
Tellin' me I better leave you 'lone
Why don't somebody say what's going on
Uh oh I think I been through this before

Looks like I'm the fool again
Looks like I'm the fool again
I don't like it
I don't like it

You never said you had no number two
I need to know about it if you do
If two is one I might as well be three
It's good to see you think so much of me

Looks like I'm the fool again
Looks like I'm the fool again
I don't like it
I don't like it
Look out!

You never said you had no number two
I need to know about it if you do
If two is one I might as well be three
It's good to see you think so much of me

Looks like I'm the fool again
Looks like I'm the fool again
I don't like it
I don't like it
Look out!

I don't like it
I don't like it
I don't like it
