

# Tom Petty, Grew Up Fast

(Tom Petty)

We grew up fast  
And no one seemed to notice  
We grew up fast  
And we grew up alone  
Mom and Dad  
Were never what we wanted  
We grew up fast  
And we grew up alone  
We grew up alone

Well, you know who I am  
So don't treat me like I'm someone else  
Well, you know what I am  
So don't treat me like I'm someone else  
You never act like that with no one else

We grew up last  
When lies were just a fact of life  
We grew up mad  
Cause we never had a home  
We faced the past  
And then forgave the revolution  
We grew up smashed  
And we grew up alone  
We grew up alone

Hey my brother  
I got no fight with you, I just can't lie down  
Hey my brother  
I got no fight with you, I just can't lie down  
No, I just can't lie down, I just can't lie down

Well, you know who I am  
So don't treat me like I'm someone else  
Well, you know what I am  
So don't act like I'm something else  
Well, you know who I am  
So don't treat me like I'm someone else  
Yeah, you know where I am  
So don't act like I'm somewhere else  
You never talk like that to no one else  
You never scream like that for no one else  
You never suck like that for no one else  
Oh!
