

# Tom Petty, Makin' Some Noise

(Tom Petty, Mike Campbell and Jeff Lynne)

When I was a young boy  
I was workin' for the state  
I wasn't makin' much money  
I was stayin' out late  
Go down at nighttime and  
Play music in the bars  
Take my breaks out underneath the stars

(Chorus)  
I was makin' some noise  
I was a workin' boy up at the top of my voice  
Sayin', "Look at me mama I'm makin' some noise"

I had to rock the boat, I had to shake the tree  
To see what'd fall down on me  
I thought, "Maybe I can make it if I never give in  
I been down before, I ain't goin' down again."

(Chorus)

From across the canyon a guitar plays  
Through an amplifier on long delay  
It was an old melody, I recognized the song  
I had an amplifier too, so I played along

I'm makin' some noise, I'm still a working boy  
Up at the top of my voice  
Sayin', "Look at me Mama I'm makin' some noise."  
I'm makin' some noise, I been a long gone boy
