

Tom Petty & The Heartbreakers, Grew Up Fast

FAT

But no one seemed to notice
We grew up fast
But we grew up alone

Mom and dad
Were never what we wanted
We grew up fast,
But we grew up alone
We grew up alone

Well you know who I am
So don't treat me like
I'm someone else
Well you know what I am
So don't treat me like
I'm someone else
You never act like that with no one else

We grew up mad
When lies were just a fact of life
We grew up mad,
Cause we never had a home

We'll face the past
And forgave the revolution
We grew up smashed,
But we grew up alone
We grew up alone

Hey my brother,
I got no fight with you
I just can't ride down
Hey my brother,
I've got no fight with you
I just can't ride down
Well, I just can't ride down
I just can't ride... down

Well you know who I am
So don't treat me like
I'm someone else
Well you know what I am
So don't act like I
Am something else
Well you know who I am
So don't treat me like
I'm someone else
Well you know where I am
So don't act like I'm somewhere else

You never talk like that to no one else
You never scream like that for no one else
You never suck like that for no one else

Oh!
