

# Tom Petty & The Heartbreakers, Hope You Never

I hope you never fall in love,  
Hope you never get your heart broken.  
I hope you never fall in love with  
Somebody like you.

I hope you never give a damn,  
Hope you never lose your perspective.  
I hope you never fall in love with  
Somebody like you.

And I wish you well,  
I wish you everything and more.  
Forgive my ignorance,  
I was starting to ramble on and on  
Starting to ramble on and on.

I hope you never need no one,  
Hope you treasure your independence.  
I hope you never fall in love with  
Somebody like you.

And I wish you well,  
I wish you everything and more.  
Forgive my ignorance,  
I was starting to ramble on and on  
Starting to ramble on and on.

I hope you never give a damn,  
Hope you never get your heart broken.  
I hope you never fall in love with  
Somebody like you.

I hope you never fall in love with  
Somebody like you.
