

# Tom Petty & The Heartbreakers, I Can't Fight It

Well I know I'm only one in a hundred  
And I know that you've heard this before  
And I know that there's been many others  
And no doubt that there'll be many more

But this dream has become an obsession  
Cause I've held it inside for so long  
All my friends say I should use discretion  
But I know I'm just not that strong

And I can't fight it--i can't keep myself from wanting you  
I can't fight it--no matter what you say, no matter what you do

Cause you look so completely inviting  
Standing there with your tongue in your cheek  
Yes your lips are so f\*\*kin' exciting  
I can feel myself weak in the knees

And I know that you might put me under

Yes I know that I might get the squeeze  
But I really can't think of no other  
Cause I know what I want and I need

And I can't fight it--i can't keep myself from wanting you  
I can't fight it--no matter what you say, no matter what you do

Cause you look so completely inviting  
Standing there with your tongue in your cheek  
Yes your lips are so f\*\*kin' exciting  
I can feel myself weak in the knees

And I know that you might put me under  
Yes I know that I might get the squeeze  
But I really can't think of no other  
Cause I know what I want and I need

And I can't fight it--i can't keep myself from wanting you  
I can't fight it--no matter what you say, no matter what you do . . . .
