

Tom Petty & The Heartbreakers, Mary's New Car

Mary got a brand new car
Mary got a brand new set of wheels
Now everyone is so charged
Man you don't know how good it feels
And we wanna go where she goes
We wanna listen to her radio
Mary got a brand new car
Mary got the one she was savin' for

Now everyone here is so charged
Mary never looked so good before
And we wanna go where she goes
We wanna listen to her radio

Can we ride? Mary can we ride?
Can we ride? Mary can we ride?
