Tom Petty & The Heartbreakers, Rockin' Around

Why be lonely Why be blue You've got me babe I've got you

And I cant stop thinkin about you How I dig rockin around with you

I was waiting You came through You know no one Else who'll do

And I cant stop thinkin about you How I dig rockin around with you

You know I dig rockin' around You know I dig rockin' around You know I dig rockin' around
