

Tom Petty & The Heartbreakers, The Dark Of The

In the dark of the sun
Will you save me a place
Give me hope, give me comfort
Get me to a better place

Saw you sail across a river
Underneath Orion's sword
In your eyes there was a freedom
I have never known before

Hey yeah yeah
In the dark of the sun
We will stand together
Yeah, we will stand as one
In the dark of the sun

Past my days of great confusion
Yeah, past my days of wondering why
Would I sail into the heavens
Constellations in my eyes

Hey yeah yeah
In the dark of the sun
We will stand together
Yeah we will stand as one

Hey yeah yeah
In the dark of the sun
We will stand together
Yeah we will stand as one
Oh, in the dark of the sun

Hey yeah yeah,
Oh, in the dark of the sun
Oh, in the dark of the sun
