

Tom Petty & The Heartbreakers, Ways To Be Wicked

Honey tell me why you smile
When you see me hurt so bad
Tell me what I did to you babe
That could make you act like that
Yes I've been your fool before babe
And I probably will again
She ain't afraid to let me have it
You ain't afraid to stick it in
Yeah you know so many ways to be wicked
But you don't know one little thing about love

Yeah I can take a little pain
I could hold it pretty well
I can watch your little eyes light up
When you're walkin' me through hell
Yes I've been your fool before, babe
And I probably will again
She ain't afraid to let me have it
You ain't afraid to stick it in

Yeah you know so many ways to be wicked

But you don't know one little thing about love

Yeah those cobra eyes
Light with a smile
You take pride
In that devil down inside

I can take a little pain
I can hold it pretty well
I can watch your little eyes light up
When you're walkin' me through hell
Yeah I've been your fool before babe
And I probably will again
No you ain't afraid to let me have it
Honey you ain't afraid to stick it in

You know so many ways to be wicked
But you don't know one little thing about love

You know so many ways to be wicked
But you don't know one little thing about love
