

# Tom Petty, Zero From Outer Space

(Tom Petty)

I've been wrapped up in confusion  
I've been tied down to my bed  
Suffering some illusion  
I'm out of my fuckin' head  
I's insane to my brain  
I ran away

And now, hey, hey, hey  
I'm a zero from outer space

Well, I know you think I'm joking  
I don't mean the things I say  
Like I could but I want  
If I would, anyway  
I's insane to my brain  
I ran away

Yeah now, hey, hey, hey  
I'm a zero from outer space

You think that you're above me  
You think that you're so big  
Well, I saw you kick that dog  
When the wind blew off your wig  
I's insane to my brain  
I ran away

Well, hey, hey, hey  
I'm a zero from outer space

Well, hey, hey, hey  
I'm a zero from outer space

Yes, I am
