

Tom Swoon x Tungevaag & Raaban, Beside Me

I don't need nobody
if you stay beside me
I don't need nobody, nobody
when I'm sure you around

I about to take a deep dive
oh I won't risky at all
I'm gonna lose myself tonight
only you can catch me when I fall

I don't care if the sky turn grey
coz I'll be, I'll be ok.
don't let me go
I don't care if they all come down
I got you, I got you around
Don't let me go
let them know

I don't need nobody
as long as you're around
and it ok know
if you stay beside me
I won't hit the ground
