

# Tom T. Hall, Halloween Is

How would you like to be scared right out of your socks  
Whether or not you're wearin' socks  
How would you like to be frightened out of your room  
With some big scary something out of the gloom  
That's what Halloween is it's a fright'ning time  
Ghosts and goblins a runnin' around and spookin' you out of your mind  
Sometimes I get dressed up and I go frighten them where they live  
Trick or treat that's what Halloween is

One time I saw a ghost on top of my barn I was alarmed he was on my barn  
I ran right up and said ghost trick or treat  
And I almost scared that ghost right out of his sheet  
That's what Halloween is...

When Halloween comes we're gonna make people scream  
We're gonna be ugly and we're gonna be mean  
We're gonna go trick or treatin' every chance  
And we'll frighten all of our neighbors out of their pants  
That's what Halloween is...
