

Tom T. Hall, I Still Care What Happens To You

Wear something warm when it's wet oh I know you hate to be told
I'm so afraid you'll forget you know how easy you catch cold
Don't stay out late at a party you feel bad next day when you do
And leave on a light when you're home alone at night
I still care what happens to you
I guess I shouldn't be concerned I guess I still haven't learned
I can't worry about you after all we're through
But I still care what happens to you I still care what happens to you
