

Tom Tom Club, Irresistible Part Dip

Who dipped into my party dip? who? who? who?
Who dipped into my party dip? who? who? who?

The chips are on the table: whatcha doin' tonight?
Talk about a lucky time!
A party for my itch; goin' do it right
Climb into my party mind

Was it you? tell the truth!
No one should live with a lie
Did you slip into my dip?
Gentleman don't lie

Who dipped into my party dip? who? who? who?
Who dipped into my party dip? who? who? who?

It's such a pretty picture, but what does it mean?
Wacky girls on lanky stems
Somethin' isn't there - all is not as it seems
Someone's come and gone again

Was it you? tell the truth!
No one should live with a lie
Did you slip into my dip?
Gentleman don't lie

Who dipped into my party dip? who? who? who?
Who dipped into my party dip? who? who? who?

Who dipped into my party dip? who? who? who?
Who dipped into my party dip? who? who? who?

He raised his purple-headed, crested majesty

So sweet of you to come
Ten flambeaux alight his pagentry
This anticipation's half the fun

Was it you? tell the truth!
No one should live with a lie
Did you slip into my dip?
Gentleman don't lie

Who dipped into my party dip? who? who? who?
Who dipped into my party dip? who? who? who?

Mister dee-jee, make it funky for my friends an' me
Dancing on a-tippy toes
Shakin' like a monkey in a limbo tree
Uh-oh, someone's taken off their clothes

Was it you? tell the truth!
No one should live with a lie
Did you slip into my dip?
Gentleman don't lie

Who? who?
Who? who?
Who? who?
Who? who?
Who? who?
Who? who?
Who? who?

Who? who?
Who? who?
Who? who?
