He's a man with the 4-way hips
He's a man with the 4-way hips
He's a man with the 4-way hips
He's a man with the 4-way hips

Street level, down in the ground
You can't miss it, so check this out
Lovers and fighters, the girls from next door
Rockin' and shockin' the whole dance floor
Disc-jockeys want him to get up
He can't resist that funky stuff
Soldiers and sailors, policemen, marines
Painters and poets are part of his scene

He's a man with the 4-way hips
He's a man with the 4-way hips
He's a man with the 4-way hips
He's a man with the 4-way hips

Black people, white people too
Hangin' out in the latest hairdos
The sons and the daughters of people on earth
Hippin' and hoppin' and getting to work
Head-waiters and dish-washers too
Billionaires are waiting for you
Hiding his feelings he see what you got
He want you more when the music is hot

Snapping his fingers, tapping his feet
Rocking and rolling into the street
