

Tom Verlaine, Present Arrived

(Verlaine)

Your present arrived
so I opened it up
and I opened it up
Light upon light upon light
upon light upon light
Oh yeah, your present arrived
when you walked in
the room became a palace
when you walked in
With a love so true
a love so true
No strings attached
but the rope is heavy
A love so true
It's the big excitement
Light upon light upon light
upon light upon light
