

Tom Waits, Once More Before I Go

Once more before I go
Out to Killarney
Once more before I go
Beg me to stay

As the wind blows across my grave
I will be calling
Once more before I go
Once more forever more

Once more before I go
I will remember
Once more before I go
Beg me to stay

Once more before I go
I will be calling
La la la la la la
La la la ever more

Once more before I go
I will be calling
Once more before I go
Beg me to stay
