

# Tom Waits, Putting On The Dog

You gotta stomp, whistle and scream  
You gotta wake right up in your dreams  
You gotta jump, whittle and drive  
And keep that feelin' alive  
You gotta kick, holler and shout  
I'm gonna tell you what it's all about  
You gotta tell me that you love me  
Tell me that you're mine  
We're puttin' on the dog tonight  
We're puttin' on the dog tonight

We'll be p-puttin' on the dog tonight  
Puttin' on, puttin' on the dog tonight  
We'll be puttin' on the dog tonight  
Well, we'll be puttin' on the dog tonight  
Puttin' on the dog  
Puttin' on the dog

We'll flip, follow and fly  
Just do it now and don't ask why  
You gotta strut, wiggle and slide  
Let everyone know that you're alive  
You gotta crank, gallop and twist  
Do it once, you'll never resist  
Tell me that you love me  
Tell me that you're mine  
We're puttin' on the dog tonight, yeah  
Puttin' on the dog tonight, all right

Well, we could go into a zuki jump  
It's rainin', it pours  
Big ol' Lincoln with the suicide doors  
Tip that bottle from the brim to the dregs  
You ain't dancin' till you cross your legs  
Puttin' on the dog tonight  
We'll be puttin' on the dog tonight  
We'll be puttin' on the dog tonight  
Puttin' on the dog tonight  
Puttin' on the dog  
I'll be p-puttin' on the dog  
Puttin' on the dog  
Puttin' on the dog  
Puttin' on the dog  
Puttin' on the dog
