

Tom Waits, Walk Away

Dot King was whittled
From the Bone of Cain
With a little drop of poison
In the red, red blood
She needs a way to turn
Around the bend

She said she wants to walk away
And start over again.

There are things I done
I can't erase
I want to look in the mirror
And see another face
I said never but I'm doin it again
I want to walk away
And start over again.

No more rain, no more roses
I'm on my way, I slake my thirst
In a cool, cool pond.

There's a winner in every place
There's a heart that keeps beating
On every page
The beginning always
Starts at the end
You wanna walk away
And start over again.

Weather is murder at a 103
William Ray shot Cora Bell Lee
A yellow dog know when
He has sinned
He wants to walk away
And start over again.

No more rain, no more roses
I'm on my way, I slake my thirst
In a cool, cool pond.

Cooper told Molly the whole block is gone
They're dying for jewelry, money, and clothes
I always get out of the trouble I'm in

I wanna walk away and start over again.

Left my bible by the side of the road
Carved my initials in an old dead tree
I'm going away but I'll be back when
It's time to walk away and start over again.
