

# Tomboy, It's ok 2B (to be) gay

It's okay to be gay, let's rejoice with the boys in the gay way  
Hooray for the kind of man that you will find in the gay way  
It's okay to be gay, let's rejoice with the boys in the gay way  
Hooray for the kind of man that you will find in the gay way  
Father figures we are  
You're a shooting star you've come so far  
I was once in your shoes  
In a closet like you  
I had nothing to lose  
Hey man gay man pick up the soap  
Get on your knees and pray  
Hey man gay man  
Release your load  
You've got to cease to delay  
The gay way  
It's okay to be gay, let's rejoice with the boys in the gay way  
Hooray for the kind of man that you will find in the gay way  
Hooray! For the man!  
Ooh, strong man  
Queen of the balls  
Some brotherly love is a pleasure for all  
Come out  
Open your eyes  
It's a matter of size  
Hey man gay man pick up the soap  
Get on your knees and pray  
Hey man gay man  
Release your load

you've got to cease to delay  
The gay way  
It's okay to be gay, let's rejoice with the boys in the gay way  
Okay to be gay!  
Hooray for the kind of man that you will find in the gay way  
Sing hallelujah (sing hallelujah)  
It's getting to ya (it's getting to ya)  
Hey! Ho! Mo! Hey! Ho! Mo! Hey! Ho!  
Now remember  
There's a big difference between kneeling down and bending over  
It's okay to be gay, let's rejoice with the boys in the gay way  
It's okay!  
Hooray for the kind of man that you will find in the gay way  
West is where you should go  
To San Francisco  
I get that you know  
Would you gather my face  
So united we stand in a gay parade  
A human serenade  
Hooray for the kind of man that you will find in the gay way  
It's okay to be gay, let's rejoice with the boys in the gay way  
Hooray for the kind of man that you will find in the gay way  
It's okay to be gay!
