

# Tomek Makowiecki, Walking on

Walking on nothing is ok  
But you're feeling strong  
Everyday looking for a home  
Always on your own  
And I hope you realize  
You're not the only one  
Every one is going blind  
These times  
Just today maybe you will find  
Someone by your side  
If you won't try to dry your eyes  
Now you're feeling strong  
And I hope you realize  
You're not the only one  
Every one is going blind  
These times ... alone  
Feel the time is on your side  
Take control and dance tonight  
Feel the better time is now  
Smile and look beyond  
Walking walking on  
Walking on troubles fade away  
Hope will make you strong  
Perfect day live it as you can  
Nothing to be wrong  
And I hope you realize  
You're not the only one  
Every one is going blind  
These times... alone  
Feel the time is on your side  
Take control and dance tonight  
Feel the better time is now  
Smile and look beyond  
Walking walking on  
Feel the time is on your side  
Take control and dance tonight  
Feel the better time is now  
Smile and look beyond
