

# Tommi, Like What (Keep It Rugged)

Verse 1 (Stylus)

I know that some yawl don't really feel me  
You see my attitude is bad and I am cocky  
I'm really sorry for you honey but frankly  
I give a damn about whether you like me  
So tell me what it is that got you hating me  
Nah forget it cos it aint fazing me  
Is cos I stay fresh or maybe  
Cos I walk in the club like what baby

Chorus

If you got your hair done and your look is tight  
You got a fresh outfit and your clean tonight  
Laid back attitude all eyes on you  
You gotta walk up in the club like what what what  
Known 22 girls jocking you  
You got your whole damn crew getting in with you  
Laid back attitude all eyes on you  
You better walk up in the club like what what what

Verse 2 (Mi\$ Thang)

So now I got your undivided attention  
There's a few things that I forgot to mention  
Like I don't deal with folks who don't listen  
Cos I'm not the one to deal with all that friction

(Bambi)

Cos I'm one of those self sufficient women  
Who's got a big criss house I live in  
I'm not arrogant I know I'm not tripping  
But I'm like what when I know your looking

(Stylus)

My girls you got to have attitude  
When you walk up in the club  
Fella's you know they're all watching you  
You need to let them know what's up
