

Tommy James, Angels And Strangers

And I'm face to face with a vision, something I saw in a dream.
And I reach out to touch; think I love you too much;
Things just ain't what they seem.
And all these feelings I'm feeling, that don't have a name
'Cause angels and strangers, they all look the same
Don't talk to strangers; don't believe what they say.
Don't pray to angels, they'll lead you astray.
Oh, I'm in love and I can't shake it. (angels, angels)
Well if this is love, then, I can't take it. (angels, angels)
Don't need no revelation take my heart and leave me shakin'.
Visions of love are filled with danger, angels, and strangers.

On the edge of temptation, goin' over the line.
Break my heart and my concentration, goin' out of my mind.
You know that I wanna love you. I wanna give you my heart.
But, angels and strangers, ooh, you can't tell them apart.
Don't talk to strangers; don't believe what they say.
Don't pray to angels, they'll lead you astray.
Oh, I'm in love and I can't shake it (I can't shake it) (angels, angels)
Well if this is love, then, I can't take it (I can't take it) (angels, angels)
Don't need no mystery lady (mystery lady) break my heart and make me crazy
Visions of love are filled with danger, angels, and strangers.

Visions of love, lovers unknown;
Angels and strangers, leave me alone.
One's out to love you, one's out betrayed;
Angels and strangers, just go away.
