GETTIN' TOGETHER

Tommy James & The Shondells

Gettin' together is better than ever
Gettin' together
I am so happy baby
Now that you are my lady
We can hold hands together
Every day, come what may
I promise you I'll
Always give you my lovin' always
You can depend on me girl
All the time, rain or shine
You're gonna love it
I'm gonna love it
Day time, night time
Your time, my time
Gettin' together is better than ever
Gettin' together never felt like this before
Gettin' together is better than ever
Gettin' together

You bring me new excitement
I never knew what night meant
We got a thing together very few ever know
You can be sure of one thing
All of the love that I bring
I'm gonna keep you happy
All the time rain or shine
You're gonna love it
I'm gonna love it
Day time, night time
Your time, my time
Gettin' together is better than ever
Gettin' together never felt like this before
Gettin' together is better than ever
Gettin' together

Gettin' together is better than ever
Gettin' together never felt like this before
Gettin' together is better than ever
Gettin' together
