

# Tommy Lee, Blue

this gravity is pulling me  
hold on  
this time of change seems so strange  
don't let me go...  
catch me  
i'm fallin.. fallin through  
if i'm not with you  
all i wanna do is feel blue  
all i wanna do is feel blue  
if i'm not with you.. all i wanna do is feel blue  
so in love with you i feel blue

why do i feel so alone.. i know  
all i gotta do is look around and see (it seems so strange).. you're here to stay  
oh... i love you

i'm fallin.. fallin through  
if i'm not with you.. all i wanna do is feel blue  
all i wanna do is feel blue  
if i'm not with you.. all i wanna do is feel blue  
so in love with you i feel blue

i see that i'm next to you  
you're next to me  
how could this be this way  
i thought i was close to you  
you were close to me  
why do i feel so blue  
(repeat)

all i wanna do is feel blue  
if i'm not with you.. all i wanna do is feel blue  
so in love with you i feel blue
