

# Tommy Page, Don't Give Up On Love

You told me you loved me just yesterday  
Now you tell me you're leaving  
I beg you to stay  
Our love started growing when I looked in your eyes  
And now I feel like dying  
'Cause we're saying goodbye  
Hold on, hold on  
We can make it happen if we try

Chorus:  
Don't give up on love this time  
Don't give up on us  
'Cause true love is so hard to find  
Let's remember how it always was  
A one in a million gift from above  
Don't give up on love

When I look at your picture hanging on my wall  
The memories start flashing  
And tears start to fall  
'Cause deep down inside  
I've been trying to hide  
This smile on my face  
Is just a disguise
