

Tommy Page, Don't Walk Away

I was a fool
I was a stupid fool, played with your
Emotions and devotions
I was a fool, fool
I was a fool
Give me a chance
One more chance, a second chance, another chance
Just give me a chance, chance
I need a chance

Chorus:
Don't walk away
Oh baby please don't walk away from me
Because I need you to stay

Oh stay another day and you will see
That I will make it up to you
All the hurt I put you through
Oh with the games I play
Please don't walk away

Made a mistake
Oh my first mistake, only mistake, last mistake
A really bad mistake
I'm sorry now
So sorry now, made you cry, told a lie
Give me one more try
I'm sorry now, so sorry now
