

# Tommy Page, Spend Tonight With You

the first time that i saw you  
I remember it so clear  
something just came over me  
I hadn't felt in years  
and i got that feeling again

cause baby when I with you  
I always get the chills  
I always wanna tell you  
exactly how I feel  
now I dare to lay this on the line

cause something in your eyes  
frees this heart of mine

if I could spend tonight with you  
then every dream I've ever dreamt  
would all come true ?  
picture us together  
if I could spend tonight with you  
I'd touch and hold you in my arms  
the whole night through  
an we could start forever  
share eternity  
if we would spend tonight with me

everytime I'm dreaming  
you always on my mind always on my mind  
and I never stop believing  
the fate is on our side  
what a wonderful place this will be  
when the way I feel for you  
is the way you feel for me

if I could spend tonight with you  
then every dream I've ever dreamt  
would all come true ?  
picture us together  
if I could spend tonight with you  
I'd touch and hold you in my arms  
the whole night through  
an we could start forever  
share eternity  
if we would spend tonight with me

in a world of pain  
and never ending rain  
my love for you is shining through  
like never ending flame
