

# Toms Kalderauskis, When It All Falls (Łotwa - pio

Something 'bout the midnight sky, yeah  
And when I get that liquor in my body  
Everything's just fading away  
Fading away, fading away

Might be a safe place for my body  
But my soul is suffering in it  
Slowly getting faded away  
Faded away, fade away

Sometimes I think it's just 'make believe'  
Do we really think this is how we should be?

When it all falls, will we fall at all?

Something 'bout the way I'm feeling  
Have I really reached the ceiling?  
Feeling like there's nothing for me  
Nothing for me, nothing for me

Nothing is as good as it seems  
Getting tired of all these false dreams  
Have they really faded away  
Faded away, faded away

When it all falls, will we fall at all?  
When it all falls, will we fall at all?

(Want to live in truth, how about we change up?)  
Don't you think that it's time that we change up?  
(Want to live in truth, how about we change up?)  
Can't stay away, it's not too late

(Want to live in truth, how about we change up?)  
There is a reason why it's getting closer  
(Want to live in truth, how about we change up?)  
It's getting closer

When it all falls, will we fall at all?  
When it all falls, will we fall at all?

When it all falls, will we fall at all?  
Want to live in truth, how about we let loose?  
Don't you think it's time to change up?

When it all falls, will we fall at all?  
Want to live in truth, how about we let loose?  
Don't you think it's time to change up?
