

# Toni Braxton, Holiday Celebrate

Written by Toni Braxton, Keri Lewis, Tamar Braxton

I'm sitting and waiting for you  
'cause you said you're on your way  
I'm so excited 'cause this is my favorite holiday  
(Gifts are under the tree, dinner for you  
and me, how special it will be)  
'Cause you and I are here...  
(Make all your favorite treats,  
so glad that it will be)  
You and me on this Christmas holiday...  
Holiday, celebrate, making out with my babe  
Holiday, in the snow, kissing under mistletoe...  
I'm thinking about all the things we can do  
when I see you tonight  
I'm so excited 'cause everybody's here,  
so let's dance all night...  
(We'll be counting down to two, Crystal for me  
and you, that's what we came to do)  
We came to have some fun  
(Joy and laughter's in the air,  
so glad that we can share)  
You and me on this Christmas day...  
Chorus  
All of the things I'm gonna do  
celebrating with you, baby  
All of the things I'm gonna do  
when we're alone, oh, baby...  
We're gonna  
Go insane, dance in snowy rain,  
even drink champagne  
Baby, I can't wait to be alone and celebrate
