

Toni Braxton, Shadowless

[Verse 1:]

Ooh boy where are you now

You came and you rescued me when I was down.

Now I'm shadowless, life is such a mess, where did we go wrong
Impossible to see, I'm supposed to be, 'cause my light is gone

[Chorus:]

Gotta make it right with you, you baby

So tell me what I gotta do, to make you come back home

[Verse 2:]

Ooh boy how can this be

I remember every second you were here with me

Now I'm shadowless, think I was once blessed just to have you by side (yeah yeah)

But then you went away and suddenly the rain washed away my sunny skies (ooh yeah)

[Chorus 2:]

Gotta make it right with you, you baby

So tell me what I gotta do (yea yea yeah), to make you come back home

Gotta make it right with you, you baby (yea yea yeah)

So tell me what I gotta do to make you come back home

[Verse 3:]

Cause I'm running down a street, trying to find the answers

When I'm feeling incomplete, see the truth is what I'm after

Why'd you go (yeah) why'd you leave took the reflection from me

[Chorus 3:]

Gotta make it right yeah so right baby yeah yeah yeah

So tell me what I gotta do (baby yeah), to make you come back home

Gotta make it right with you , (yea yea yeah), you baby

So tell me what I gotta do to make you come back home
