## Tony Iommi, Dopamine feat. Glenn Hughes

I don't mind and I don't regret And I wanted you to know You will find, and I hope you get Everything you need to go

It won't fade away
It gets me through the day
And I am so alive
I've told you, I've told you

It's the dopamine that gets me high The dopamine connects me It's the dopamine, I can rely The dopamine reflects me

Escalate to a better day You can hear my soul refrain Educate, it's the only way Feel the blood rush to my brain

It won't fade away
It gets me through the day
And I am so alive
I've told you, I've told you

It's the dopamine that gets me high The dopamine connects me It's the dopamine, I can rely The dopamine reflects me

And if you ask me why I feel this way I know just where I'm going And it is just because I have no say An there's no way of knowing

It's the dopamine that gets me high The dopamine connects me It's the dopamine, I can rely The dopamine reflects me
