

# Tony Oller, Change

People overcome obstacles everyday  
Signs of sadness point to  
Everyone in a different way  
But don't end your life  
It's not the way  
Please pull through  
And live another day  
Everytime I talk to you  
You're not there  
Like a speck of dust  
Floating in the air  
I can help you  
I know I can  
But you have to be willing  
To take my hand  
I will stand beside you  
And help you make a change  
Yes, there might be suffering  
But you can make it  
Through the pain  
Let's work together  
And choose a different path  
Forget your struggles  
And leave them in the past  
So can you stay longer?  
Can you, please?  
Can you take the time  
To just talk to me  
You are young and you don't have to go  
What about your dreams?  
I'm not gonna let you go!  
I will stand beside you  
And help you make a change  
Yes, there might be suffering  
But you can make it  
Through the pain  
Let's work together  
And choose a different path  
Forget your struggles  
And leave them in the past
