

Tony Oller, Love at first sight

Keep it movin'
Stop and Stare
I love your long blond hair
You don't see me
But I see you
And soon you see what I see too (x2)
I believe in love at first sight
I believe a man loves the night
Everywhere I go I see you
And I know you see me too
I know how I feel
And I know you feel the same
But this love can never go away
This is unreal
And I only see you
And soon you'll see
What I see too
I believe in love at first sight
I believe a man loves the night
Everywhere I go I see you
And I know you see me too (x2)
So let's Stop
What we're doing
And give this a shot
'Cause you're the only thing for me
And I'm the only thing for you
And soon you'll see
What I see too
I believe in love at first sight
I believe a man loves the night
Everywhere I go I see you
And I know you see me too (x2)
