

# Tony Orlando, Look In My Eyes Pretty Woman

Time is on my side  
Though the world keeps gettin' colder  
'Cause I've got you girl to ease my troubled mind  
Ooh ooh

I'm a different man  
When your head is on my shoulder  
I can find the answers in me  
That I never thought I'd find

## CHORUS

Cause when you look in my eyes pretty woman  
The world is a peaceful place  
All I can see when there's you and just me  
Is love upon your face

Stand by me baby  
And we'll find a way  
Before our day is done  
Look in my eyes pretty woman  
And we'll overcome

Love, my guiding star,  
You're my faith, my hope, my power  
When I just can't find a reason to believe  
Ooh Ooh

Touch my hand with love  
And you light my darkest hour  
I can feel the warmth returning  
And the pain about to leave

REPEAT CHORUS (2X)
