

# Tony Vincent, One Deed

one deed, one great deed  
can make up for the pain  
one heart, one loving heart  
can end the suffering  
one deed, like sun  
can put an end to rain  
one deed, one great, great deed

tell me why, tell me why  
there's suffering  
tell me why  
there must be pain at all  
tell me why, tell me why  
we've never found the cure  
some days are diamonds, so many are stone  
the door of love is open, but you always stayed home

(chorus)

tell me why, tell me why  
i'm so afraid  
tell me why  
we're together and alone  
tell me why, tell me why  
we give up hope  
looking for the answer on a cardboard box  
digging for a fortune in a pile of rocks

(chorus)

love is like an island that we've got to swim to  
we're treading in tomorrow while we try to make due  
passing by the others as we're looking inside  
we're never gonna see it if we're looking behind

(chorus)
