

Tony Vincent, Simple Things

Deep in the quiet of my soul- the truth i know
tested by sorrow, pain and tears- through bitter years
waiting for answers to my prayers- you were there
the days and nights you brought me through
shaped my faith in you

It's the simple things- i hold on to
it's the simple things- i find in you
it's to you i sing and to you i cling
it's the simple things
it's the simple things- that make me see
it's the simple things- that set me free
as i learn to wait you renew my faith
through the simple things- knowing you're my Lord

Finding your promises of hope- the words you spoke
friends beside me on this road- to share the load
pouring my heart out unto you- and listening too
resting in your perfect love- i can't get enough

(chorus)

These things that i could never live without
the means of grace to guide my heart
when i'm lost in this world of doubt
you bring me home (to the...)
