

# Tony Yayo, I'm So High

(ad libs for first 10 seconds)

(Chorus: Tony Yayo)

Man I, get so high  
Can you imagine how fast the weed go?  
Take two pulls, and then pass  
Pull out another sack so we can roll that

(Tony Yayo)

It's the up North title taker, rollin lah  
in that Riker's Island bible paper, high as a skyscraper  
I'm fresh out of jail smokin pounds of haze  
Duckin my P.O., cause I'm high for days  
Hydro, weed-o got my mind in the zone  
Don't f\*\*k up my high bitch, leave me alone  
Let it spread to the head, two pulls and pass  
Stop steamin on the weed girl, make it last  
I'm so high, Banks so high  
Buck so high, Dre so high  
We be gettin high smokin chocolate tye  
That's why I got the cotton mouth and my throat is dry  
Yo I'm out in L.A. at the cheeba spot  
While you lightin up dirt where the seeds'll pop  
And I'm chasin it down, with Henny and Hypno'  
Two pulls and pass, you know how fast the weed go

(Chorus - repeat 2X)

(Tony Yayo)

I'm hittin G-13 in that 645  
Eyes real low it's gettin hard to drive

And I pray to God po's don't pull me over  
Cause the Coupe real smoky off that green Arizona  
Smoke on Monday, parole on Tuesday  
Golden seal pills, don't use that usually  
But I be gettin high nigga doin my thing  
So my eyes Chinese cause I'm high like Yao Ming  
Roll up all night, head get right  
The hash plant mixed with that Northern Light, right  
White rhino, white weirdo  
Light people roll up that indo  
Jamaican people roll that Bob Marley  
Wind up your body, stink up the party  
And we be puffin hard 'til the weed is done  
Cause we got love for that Cheech & Chong

(Chorus - repeat 2X)

(Outro - in a P-Funk style)

Come smoke with me, come ride with me  
Come toke with me, let your mind be free  
This here ain't for no folks on asthma  
My vision's like plasma  
Come smoke with me, get high with me  
Take a toke with me, let your mind be free  
This here ain't for no folks on asthma  
My vision's like plasma, whoahh-ohhh  
So hiiiiigh  
So hiiigh, sooooo hiiiiigh  
So hiiigh, sooo hiiigh  
Soo hiiigh, hiiiiigh (fades out)
