Me on the contrary, hand covered with platinum Different color coupes but I'm in love with the black one On point, cuz you get R.I.P.'s when slacking So the stashbox big enough to squeeze the mack in Yeah, I'm fairly new but I demand some respect Cuz I already wear your advance on my neck I'm fresh off the jet, then I breeze to the beaches Blue yankee fitted, G-Unit sneakers I already figured out what to do with all my features Decorate the basement, full of street sweepers When it comes to stuntin' theres nothing you can teach us We're in a different time zone, your records don't reach us Naww, I ain't here to save the world, just roll up a blunt Come with me out front, I'LL TEACH YOU HOW TO STUNT

(Chorus)

(Young Buc)

Chain so icy, you don't have to like me
In a throwback jersey, with the throwback nikes
I know you probably seen me with Cash Money from back in the days
The only thing changed is the numbers on the range
I bought me an old school and blew out the brains
The Roc the Mic tour, I threw off my chain
My sprewell's spinning man, I'm doing my thing
And whodi now in trouble now that you in the game

Come on now, we all know gold is getting old
The ice in my teeth keep the crystal cold
G-Unit homie, actin' like yall don't know
Look, I can't even walk through the mall no more
I just pull up, get out, and get all the hoes
They never seen doors lift up on a car before
Don't be mad at me dog, that's all I know
That's how to show these fougaisies how it's supposed to go

(Chorus)
