

Tonya Mitchell, The Only One

I couldn't believe it
How could this be true
Never thought I'd find someone who could love me like you do
Now whenever you need me
Wherever you want me
I can think of nothing else but to give the love I have inside to you

I wanna be the only one
To make you wanna come to me
I wanna be the only one
You come running to
I wanna be the only one
You think of when you're feeling lonely
I wanna be the only one
You can give it all to

You're sweeter than honey
Now you're in me completely
Even when I close my eyes I still feel you in my heart
One touch and I'm open
To whatever you're thinking
Nothin' comes between us even when we are apart, no baby
