

Too Many Cooks, Rita

(Georgesco D'Anjou)

Rita was her maiden name
Her husband thought she was insane
She had more money
Than you could ever spend
Her friends, they failed to recognize
The fear and pain inside her eyes
And she just wanted to get away
The snowman stopped by
He said "Try this, you'll feel much better"
So the days went by
She said "I'm waiting for the storm"
I still love Rita
She had to fall
I still love Rita
She had to
Rita chose to play the game
Rita chose to lose her name
She never had no childhood lessons
Father here to pay the rent
Mother there without a cent
And she just wanted to get away
The snowman stopped by
He said "Try this, you'll feel much better"
So the days went by
She said "I'm waiting for the storm"
I still love Rita
She had to fall
I still love Rita
She had to
