

Tooji, L.Y.S.

I hear music as I walk down the street
Start moving to the rhythm, heart is pumping the beat
I hear the people shout out
Turn up the music louder
Better start running if you can't stand the heat

What's it doing to me, I feel it set me free
It's like I'm losing all control
You know it's making me hot, and baby I don't stop
It's like a fire in my soul

I don't know what I am doing tonight
But this rush it is making me stronger
I don't know if it's wrong or it's right
But I know: I want you to
STAY, nanananana
STAY, nanananana

My heart beats faster as I'm scanning the crowd
My meters are peaking, I can tell you're around
It's like I'm on a high now
Nothing can pull me down now
Sirens are calling and I can't kill the sound

What's it doing to me, I feel it set me free
It's like I'm losing all control
You know it's making me hot, and baby I don't stop
It's like a fire in my soul

I don't know what I am doing tonight
But this rush it is making me stronger
I don't know if it's wrong or it's right
But I know: I want you to
STAY, nanananana
STAY, nanananana

Work it, move your body baby, you better work, you better work, come on now

Work it move your body baby, you better work, you better work

I don't know what I am doing tonight
But this rush it is making me stronger
I don't know if it's wrong or it's right
But I know: I want you to

Stay (I don't know what I am doing tonight)
But this rush it is making me stronger
I don't know if it's wrong or it's right
But I know: I want you to
STAY, nanananana
STAY, nanananana
