

# Tool, Demon Cleaner

[Kyuss cover]

I've got the demons within  
I've got to brush them all away  
I feel the demon's rage  
I must clean them all away  
Yeah, yeah...

Excite to scream them away  
Cobwebs in the way  
That magic cleaner oh  
Shine his smile on me  
Yeah, yeah...

I am the demon  
Cleaner who saves the day  
I get the backwall  
And important they'll always stay  
Yeah, yeah...

If only one thing that you know  
Imposters from the show  
They'll try to trick you into  
Normal treatment  
Oh don't you listen to them say  
Shush them all away  
I am the demon cleaner  
Madman so  
I am the freedom cleaner  
Standing naked here to say  
I'm the only way...
