Tori Amos, Black Swan

Ride on

Ride on

Friends of the black swan

Ride on

Ride on

Do you know where she's gone

Gumdrops and Saturdays

Did Eric call by the way

He knew

He knew

And he knew where the pillow goes

Ride on

Ride on

Friends of the black swan

Ride on

Ride on

Do you know where she's gone

Buttercups and the fishing flies

The biggest thickest ever sky

I know they know something

I know

Ride on

Ride on

Now friends of the black swan

Ride on

Ride on

You know where she's gone

Little green men do okay

It's the faeries' revenge they say

Gumdrops and Saturdays Did Eric call by the way

Ride on
