

# Tori Amos, Fire-Eater's Wife / Beauty Queen

If you see the Fire-Eater's wife  
tell her I heard what she said that night

what would this world be like  
what would this world be like  
without Nasty girls  
without Warm words  
without little wounds

So the Baker's wife told me  
you gotta find The Monkey Tree'  
heyheyheyheyheyhey

she's a beauty queen  
my sweet bean bag in the street  
take it  
down out  
to the laundry scene  
don't know why she's in my head  
can't figure what it  
is  
but I lie again
