

Tori Amos, Upside Down

god I love to turn my
little blue world upside down
god I love to turn my little
blue world upside down
inside my head the noise
chatter chatter chatter
chatter chatter
you see I'm afraid I'll always be
still comin out of my mother
upside down
don't you lovee to turn this
little blue girl upside down
I know you love to turn this
little blue girl baby upside down
but my heart it says
you've been shatter shatter shatter
shatter shattered
and I know you're still a boy
still comin out of your mother
but when you gonna stand on your own
I say the world is sick you say
tell me what makes us darlin
You see you always find my faults
faster than you find you're own
you say the world is getting rid
of her demons I say
baby what have you been
smokin well I dreamed
I dreamed I Dreamed
I loved a black boy
my daddy would scream
don't you love to turn this
little Blue girl upside down
any kind of touch I think is
better than none even upside down
but you see I'm tangled up
got a kitten in my hair
Cincinnati - I like the word
it's the only thing we can't seem
to turn upside down
well I found the secret to life
I found the secret to life
I'm O.K. when everything is not O.K.
Don't we love to turn our
little Blue world upside down
don't we love to turn our little Blue world baby upside down
inside my head a voice
chatter chatter chatter chatter
chatter and it says Girl
you're all the same
Still comin out of your mothers
Still comin out of your mothers
upside down
