

# Tori Kelly, missin u

I remember better days  
I'd be like, "Hey, boy, come on right around"  
And you did, and you did, and you did, you always met me there  
We were young, we were dumb, yeah, we had a good run

But now I'm off that rie—, I'm off that riesling  
Out in these streets, deleting what you mean to me  
Then you pop back, back in my mind  
I go back in time

It was the perfect night  
Kissin' you  
Was rainin' purple skies  
In my room, me and you  
Ooh, I'm missin' you  
Ooh, I'm

I miss that feelin' you would bring  
I miss the way that you would make my sidekick bling and bling  
I look at my fingers and think about rings  
Yeah, we had a good thing

But now I'm off that rie—, I'm off that riesling  
Out in these streets, deleting what you mean to me  
Then you pop back, back in my mind  
I go back in time

It was the perfect night  
Kissin' you  
Was rainin' purple skies  
In my room, me and you, baby  
Ooh, I'm missin' you  
Ooh, I'm missin' you

It was the perfect night  
Ooh, yeah  
Oh, oh, oh

(It was the perfect night)  
That night (Kissin' you)  
Oh, I'm missin' you, oh (Was rainin' purple skies)  
(In my room)  
Me and you  
Ooh, I'm missin' you  
Ooh, I'm

I'm missin' you
