

Tory Lanez, Rich The Kid, Talk To Me

Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor
I want you to
Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor

Talk To Me babe,
work it, take the shift off for me, baby
you know I got a lotta opps on me, baby
I whip around the corner in the whip
shout out rafaello
man, I love the drip, drip
80 pointers on my wrist
I'm hella rich and I love to talk shit so

Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor
I want you to
Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor

let her go, go , go, go
go, go , go, go
girl, I'll race you to the floor
tell her go
tell the crew, I got money
I'm the one you wanna know

I can make that pussy talk back
I can spoil your wit' these big racks
she got good head
and she eat her cornbread
the wraith red
ben, frank, my friend's dead
I don't wanna miss it
all of the money
I don't wanna kiss you
the pussy official
it's a one night thing
my diamonds fighting
this not no brightly
that pussy biting
I tell her to talk to me
to plug and walk with me
fuck I might buy her a Bentley
go to the floor
and pick up
she callin' my phone

might pick up
she too bad, I might miss her
wait, hold on bitch

Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor
I want you to
Talk To Me babe,
you's a prissy
little misss, baby
I got one night for you baby
and so hop out the clothes
let them drop to the floor

let her go, go , go, go
go, go , go, go
girl, I'll race you to the floor
tell her go
tell the crew, I got money
I'm the one you wanna know
